as a contractual partner. With this ruling, a group of people even can get their stand area, if the actual contracting partner of the group should stay away from the event (for example due to illness).

For this change, the previous contractual partner has to write an e-mail to [stand@anime-flohmarkt.de](mailto:stand@anime-flohmarkt.de) so that we can issue you a new stand ticket.

3. You can also share your stand with people you did not specify at the registration. However, it is not possible, to set these persons as a contractual partner with hindsight, because this way a resale of a stand ticket could be concealed.
4. Sellers may withdraw from the contract at any time until December 6, 2019. The fees for a withdrawal are 3€ plus money for services already rendered (e.g. money for sending the stand ticket by post). The stand ticket loses its validity in this case.

## § 3 – Assembly and dismantling

1. The assembly times are determined by the organizer. A later assembly is not possible. We reserve the right to exclude sellers from the event, if they do not appear at their allotted assembly time.
2. The dismantling times are determined by the organizer. A premature dismantling is not possible and permitted. For safety and fire protection reasons, we will not permit the transport of suitcases and other baggage outside the planned dismantling times in particular.
3. Unsold articles and private goods not intended for sale, for example such as bags, garments, etc., basically have to be taken back. If for any reason something will not be taken along, it is possible to send the items back to the property owner by post. The shipping and packing costs bears the respective property owner.
4. If after two months the property owner of an item had not contact us (for example by e-mail) or had not send the money for possible shipping and packaging costs, the item will be transferred to the property of the organizer.

## § 4 – Stand areas

1. Sellers may only place goods and other items on their respective assigned stand areas. In the context of the recognized customs of the trade, you have also stay on this. It is forbidden to restrict access to other stands or walkways and escape routes.
2. There is also the possibility to handover your single jackets, coats, suitcases, bags etc. at the cloakroom.
